

# Upcoming Construction Advance Notice

## Duncan Avenue from 4<sup>th</sup> Street to 6<sup>th</sup> Street Watermain Replacement Project

A watermain replacement project is planned for your area this year. The work will take place at some point during this upcoming construction season. You will be notified again when construction dates have been confirmed.

The City of Courtenay will be hosting an open house to share more information about this and other upcoming projects:

**2016 Construction Projects Open House**  
**Tuesday April 12<sup>th</sup>**  
**6:00-8:00 pm**  
**Florence Filberg Centre**  
**(411 Anderton Avenue)**

During construction, on-street parking and vehicle traffic will be limited at times and businesses on Duncan Avenue will experience intermittent disruptions to their water service. The contractor will work with businesses to accommodate any property access related matters and will provide a minimum of 48 hours' notice before any planned water shut-offs.

Traffic Control Personnel will be on site to direct vehicles, pedestrians and cyclists within the work area.

## Contact Information

If you have any questions in regards to this project, kindly contact Nathan Robertson, ASCT, Engineering Technologist, City of Courtenay at (250) 334-4441 extension 224 or [nrobertson@courtenay.ca](mailto:nrobertson@courtenay.ca)
