# COMMUNITY INPUT - OUTDOOR

- High participation especially walk/hike/jog
- Highest outdoor satisfaction trail maintenance, festival/events, and natural parkland
- Highest outdoor dissatisfaction safe places to ride bikes, public washrooms
- Highest needs for outdoor improvements more trails, more pickleball courts, off-leash dog park

- Highest indoor participation drop-in swims and fitness classes
- Highest indoor satisfaction Lewis Centre
- Highest needs for indoor improvements programming, more pickleball courts, more fitness room space, indoor tennis

Builds on vision in the Official Community Plan (OCP) (2005)

Parks and recreation in Courtenay support a healthy, engaged, and inclusive community with a high quality of life. Key features are the diverse parks, interconnected trails for all ages and abilities, natural areas throughout the City, and multi-use and accessible spaces for indoor and outdoor recreation. The City is forward-thinking and addresses trends and emerging needs in parks and recreation.

## PARKLAND SUPPY

## **KEY FINDING**

The City has an ample supply of parkland, especially considering the school sites, linear corridors, and large natural parks.

#### **KEY STRATEGY**

Focus parkland acquisition on a few locations to support population growth.

## PARK DESIGN

## **KEY FINDING**

The City has some parks in outstanding locations, but they have not been designed to maximize opportunities.

#### **KEY STRATEGY**

Conduct design processes and undertake improvements for many of the City's parks.

# PARK AMENITIES

## **KEY FINDING**

The City has some excellent park amenities, but in general the parks are underdeveloped with outdated infrastructure and some popular amenities lacking.

#### **KEY STRATEGY**

Focus efforts on adding and improving amenities in the City's parks.

# TRAILS

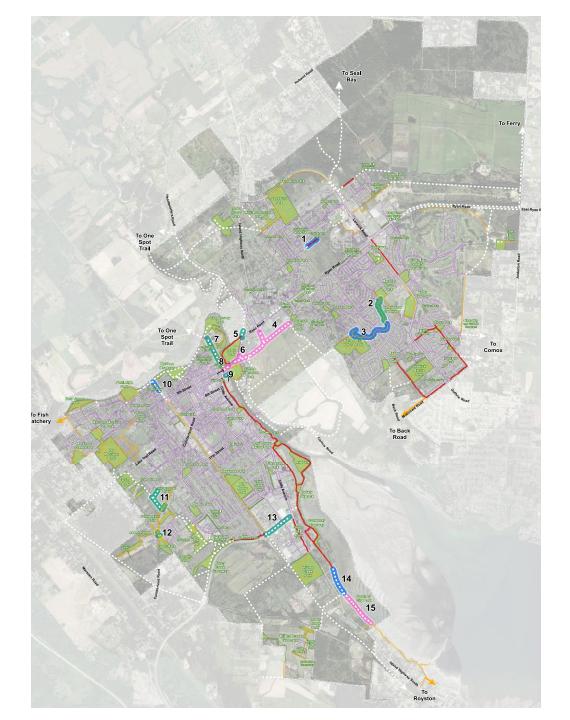

## **KEY FINDING**

The City has extremely popular trails that are highly valued by the community, but links between the trails are lacking.

## KEY STRATEGY

Expand the trail system to achieve more connectivity.

# RECREATION FACILITIES

## **KEY FINDING**

The City has popular and highly-used facilities; three of the City's key facilities need upgrading, expansion and/or replacement.

#### **KEY STRATEGY**

Explore opportunities for upgrading and expanding Lewis Centre, replacing the services of the outdoor pool, and maximizing use and addressing parking concerns at the Florence Filberg Centre and the Lewis Centre.

# PROGRAMS AND SERVICES

#### **KEY FINDING**

The City offers diverse programs that are well attended; the community is continuing to grow but program expansion is limited by the availability of appropriate space.

#### **KEY STRATEGY**

Expand programs if and when more space becomes available, with a priority on active programs for older adults and popular programs for children and youth.

# SPECIAL EVENTS

### **KEY FINDING**

The City has many events year-round that support community identity and spirit; insufficient policies and strategies for events may be affecting the ability to adequately support significant events.

## **KEY STRATEGY**

Prepare an Events Policy and a strategy for City hosting of events.

# CULTURE

## **KEY FINDING**

The City has a vibrant culture scene and all of the major cultural facilities in the valley; however, there is no coordinated regional plan for cultural services and funding.

## **KEY STRATEGY**

Collaborate with the other valley jurisdictions on a Regional Cultural Plan.

- Prepare phased implementation plan per community priorities and Council's Strategic Priorities
- Master Plan is a guiding document it does not commit the City to any project nor limit future opportunities

# Thank you!
