

COZY CORNER preschool

May News

Dear Parents and Guardians,

During the month of May, we will be exploring plant life, and insects. The children have been practicing their self - help skills (such as putting on their own shoes, zipping up their jackets and opening all their snack items), many of the children have been helping each other. Have your child practice these skills at home whenever possible.

Now that our days are warmer & sunnier, we would like to ask families to apply sunscreen on your child prior to class beginning. A hat (labelled) would also be great added protection. As we progress to the end of the school year we will be starting some of our programs outdoors to enjoy outside play. When possible - please have your child visit the bathroom prior, to reduce the number of transitions when starting preschool outside.

Meet Deanna!

Our new Practicum Student from Early Childhood Care and Education Program at North Island College. Deanna will be with us Monday through Thursday until mid June and brings fresh ideas and enthusiasm for the children.
